Dear Secretary,

It has been brought to my attention that Ronald C Meredith of Clinton TN is seeking to have FM frequency 244a allocated to Lake City TN. It is also my understanding that there has been a counter proposal by a group that would like to move the allocation into Knoxville, the Halls area as another metro station.

Please understand that the Halls area is part of Knoxville and is already served by a great number of AM, FM, and TV stations. In Lake City TN we do not even have one AM, FM or TV station to serve our public interest. Lake City TN is an incorporated City, we have our own municipalities, police department, full time fire department, Mayor, City Council, Public Works Department, Lake City Post Office, City Hall, Lake City Public Library, and Lake City Water and Sewer plant department. We also have the Lake City Community Center, recreation department, Water and Sewer Department, Elementary School, Middle School, the Lake City Health Care Center, Lake City Family Physicians Center, hundreds of Churches, retail, and industrial businesses inside the incorporated boundaries of Lake City TN. Lake City also has our own Chamber of Commerce and 2 zip codes.

Lake City Tennessee needs this FM radio station to serve the public. The Halls area is part of Knoxville and is already greatly served by a number of broadcast stations. Lake City on the other hand is an independent, incorporated City with no broadcast service of any kind. I ask that you please consider the actual facts and find in favor of allocating this frequency to Lake City where it will truly be a public service, and not to Halls where it would simply be another Knoxville Metro radio station serving an area that already has a great number of stations.

Sincerely,

It has been brought to my attention that Ronald C. Meredith of Clinton, Tennessee is seeking to have FM frequency 244d allocated to Lake City, Tennessee. It is also my understanding that there has been a counter proposal by a group to move the allocation into Knoxville, Tennessee, the Halls area, as another metro station. The Halls area is part of Knoxville and is already served by a great number of AM, FM, and TV stations. Lake City does not have one AM, FM or TV station to serve the public interest.

the arrival of a rider at a predetermined checkpoint. A rider arriving late to a checkpoint will lose a set amount of points per minute. If a rider arrives early to a checkpoint, they can loose double the points. The sanctioning body for this event is the Southeastern Enduro & Trail Riders Association (SE&TRA), which is an off-road racing organization that holds events around the Southeastern United States.

Currently, there are SE&TRA events held in six states, Alabama, Georgia, Florida, North Carolina, South Carolina, and Tennessee

The trails, which the riders will negotiate, are entirely on the Coal Creek OHV area and were constructed and are maintained by the Volunteer Riders, a 30-year-old local motorcycle club hosting and organizing the event.

The riders will start the event on Sunday morning at 9:00 a.m. from the former site of Bayless Equipment Company adjacent to Interstate 75. The mayor of Lake City will welcome the riders, support staff and spectators to the event and will share with them the unique heritage of the area. Registration will be held Saturday, October 19th, between 1 and 5 p.m. and Sunday morning starting at 7:00 a.m. Upwards to 200 riders are anticipated. The event will provide significant challenge to the participants with several miles of tight woods trails and significant up hills and down hills to be negotiated. This is the second Enduro hosted by Lake City. The first Enduro, also hosted by Lake City, was held earlier this year and was voted "Enduro of the Year" by SE&TRA.

For more information about SE&TRA, visit their website at [www.setra.org](http://www.setra.org) and for more information about the Volunteer Riders, visit their website at [www.volunteerriders.com](http://www.volunteerriders.com).

## **News Releases**

**from the Mayor's Office  
City of Knoxville, Tennessee  
Victor Ashe, Mayor**

*FOR IMMEDIATE RELEASE*

### **Ashe, Police and Fire Representatives Urge Pension Amendments Approval**

**July 12, 2000** - Mayor Victor Ashe today joined with representatives of the Police and Fire Departments in urging the voters of Knoxville to approve the two City Charter amendments on August 3, 2000 ballot that improve the pension benefits for uniformed employees.

"Just say YES to the City Charter amendments!" Mayor Ashe said at a news conference with police officers and firefighters. "Most of the men and women who qualified for these pensions have spent their entire working careers protecting lives and property in the city."

"I can't think of a better way for the citizens of Knoxville to say thank you to these dedicated public employees than by helping to pass these pension amendments on August 3, 2000. These pension enhancements will help to provide for a more secure retirement for these men and women and their families in their golden years."

"The city's Finance Department and the Pension Board estimate that the approval of these two pension amendments will only require an increase of \$18,000 per year from the Operating Budget to fund the enhancements," Mayor Ashe said.

Ashe said that the first of the two City Charter Amendments related to pensions on the ballot calls for making the Delayed Retirement Option Provision (DROP) a permanent feature of the pension plan and extends the DROP option for up to an additional two years at the discretion of the Police or Fire Chief. The DROP option allows uniformed employees to plan their retirement date several years in advance.

The second amendment would provide pension benefits for a surviving spouse after the death of a former uniformed or general government employee who had at least 15 years of service. The remainder of the second amendment deals with changes in the pension language and has no monetary impact on the budget.

Ashe also encouraged citizens to take advantage of the early voting period that starts on Friday, July 14, 2000 and runs through Thursday, July 27, 2000. The locations for early voting are:

- The Old Knox County Courthouse in downtown Knoxville
- Civic Coliseum
- West Town Mall next to the Parisian Dept. Store
- The County Clerk's Office at Knoxville Center
- The County Clerk's Office in the Black Oak Plaza in Halls

The Early Voting locations are open from 10 a.m. to 4 p.m. Monday through Friday. The Saturday hours are 10 a.m. to 3 p.m. on July 15, 22 and 29.

### **Halls Community Park deal near**

Knox County Commission will be asked to approve the purchase of the Halls Community Park at the July 28 meeting. And the park's directors voted July 9 to accept the county's contract with two small changes, according to president Craig Cantrell

The contract calls for a closing date on or before Sept. 30, he said.

The county is expected to take ownership of the Halls Park in exchange for an agreement to spend about a half million dollars in improvements. In addition, the county has budgeted \$1 million for a senior center here.

Also on the July 28 agenda is a request for \$500,000 for that center – probably an addition to the building in the Halls Park.
